ABOUT ME

A highly organized and hard-working individual looking for a responsible position looking for job

WORK EXPERIENCE

Android Developer Internship

Inellipse

During my Android internship, I had the opportunity to work on various projects that allowed me to develop and enhance my Android app development skills. I gained hands-on experience in: Kotlin Programming, UI/UX Design, API Integration, Database Management, Version Control, Testing and Debugging, Performance Optimization and Collaboration

Full Stack Developer Internship

Asseco

Full Stack Developer Intern with hands-on experience in .NET and Angular technologies. Committed to delivering high-quality software solutions, seeking to leverage my skills, knowledge, and passion for development in a challenging and dynamic work environment.

PROJECTS

Java Spring boot & React js

This E-Shop project represents my dedication to delivering high-quality software solutions that meet customer needs, drive business growth, and provide a secure and enjoyable online shopping experience.
